Community Service vs. Service Learning

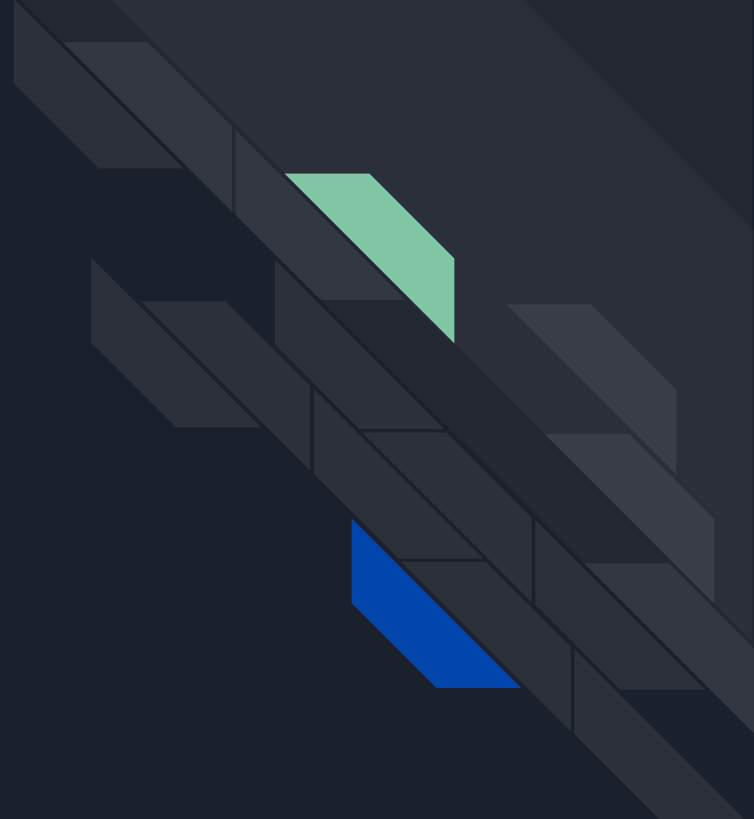

Community Service

- Provides volunteer opportunities that benefit the wider community

Service Learning

- Places education at its core - connects to curriculum
- Links service to subject matter through reflection and appropriate assignments
- Encourages students to remain connected to the community and empathize with community members in need (youth leadership)
- Helps foster a sense of caring for others
- Helps develop community partnerships (reciprocal relationships - learning from the community partner and leaving something for them)

How did we get to
where we are with
service learning?

This year with C.A.R.E.S. Crews...

- Monday, September 11th - Hometown Heroes
- Friday, October 6th - Breakfast with Buddies (Blue-White Spirit Day)
- Friday, November 17th - Giving Thanks
- Friday, December 8th - Breakfast with Buddies
- Friday, February 9th - Breakfast with Buddies
- February 11th-17th - Random Acts of Kindness Week
- Thursday, February, 22nd - Change for Change Kick-Off

How can students volunteer in your classroom this year?
